Freelance

2015-present day:

Working on Da Vinci Resolve, Baselight and Nucoda.

Shortcutnorge A/S

2011-2014

My employment at Shortcut has been as a senior colorist. In this role I have been doing day do day grading on features and commercials on a Da Vinci Resolve Linux unit. I have also participated in buildig up the grading suite .

The Chimney Pot Oslo / Storyline Studios 2000 – 2011

My employment at Chimney Pot started as an assistent for Senior Colorist Sandra Klass. The job consisted of conforming and exporting projects as well as keeping the clients happy. I also did a lot of onelighting on features and commercials.

After two years I started to build up my own client network and began working as a fulltime colorist. Sandra Klass went to Denmark and I took over the grading section.

I started on a Da Vinci 8:8:8 with an Ursa Diamond. Then we had a Lustre and later changed to Nucoda Filmaster.

Previous jobs:

Lighting assistant 1995-2000
