

MARKET APPLICATIONS

PETROCHEM

- Tank, Pipe & Container Lighting
- Temporary Power for MRO Work
- Lighting of Walkways and Stairs
- Inspection Lighting
- GFCI Protection

POWER GENERATION

- Walkway Lighting
- Shutdown Power & Lighting
- Pipe and Steam Condenser Lighting
- Refueling Operations Power
- GFCI Protection
- Coal Dust/Fuel Rods/Cleaning Solvents

AEROSPACE

- 18" Hanger Floor Rule
- Fuselage Repair Lighting
- Hanger Tools & Inspection Lighting
- Custom Stringlights for Aircraft
- Refueling Operations

FOOD PROCESSING

- Elevators and Grain Silos
- Container Lighting
- Grinding and Mashing Operations

SHIP BUILDING

- Tank & Bulkhead Construction Lighting & Power
- Walkway, Gangway & Ladder Lighting
- Tools & Welders
- GFCI Protection

TANKER & CONTAINER CLEANING

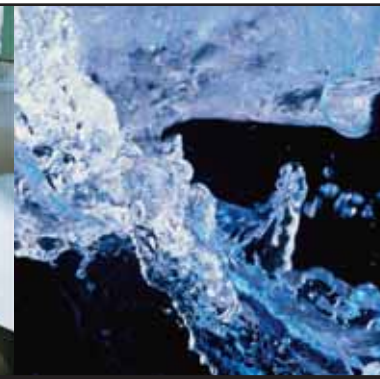

- Water Proof Handlamps
- Water Proof Plugs & Connectors
- Low Voltage Lighting
- GFCI Protection

PULP & PAPER

- Chemical & Bleach Operations
- Machine Maintenance
- Fine Dust Material

WASTE WATER

- Solids Tank Inspection Lighting
- Covered Methane Areas
- Maintenance Lighting

OIL & GAS

Temporary Power & Lighting

Leading the Way in Explosion Proof Solutions

Ericson leads the way with job tested Hazardous Location (Explosion Proof – XP) temporary power and lighting products designed to comply with the latest Safety Standards, and built to survive the most demanding harsh environments

OIL & GAS SOLUTIONS

Explosion proof, vapor proof and hazardous duty products from Ericson

1

XP e-Cart™ 2

- 480 or 600V IN
- 30 KVA to 112 KVA
- Transformer based PDU
- (12) 20A GFCI circuits
- Class I, Div 2, Groups C & D Certified

2

Big -E Jr. XP Series

- 200A panel
- (12) 20A GFCI circuits
- Wheeled cart

Engineered Solutions

Configurations are available for your jobsite or OEM applications. Contact your nearest representative or the factory today!

3

Oscar™ Box. Temporary Power Distribution Boxes.

- cETLus
- NEMA 3R rated for outdoor use
- Each NEMA 5-20 outlet is individually GFCI protected
- Heavy duty powder coated body

4

XG2 Series Inline GFCI with XP Plug

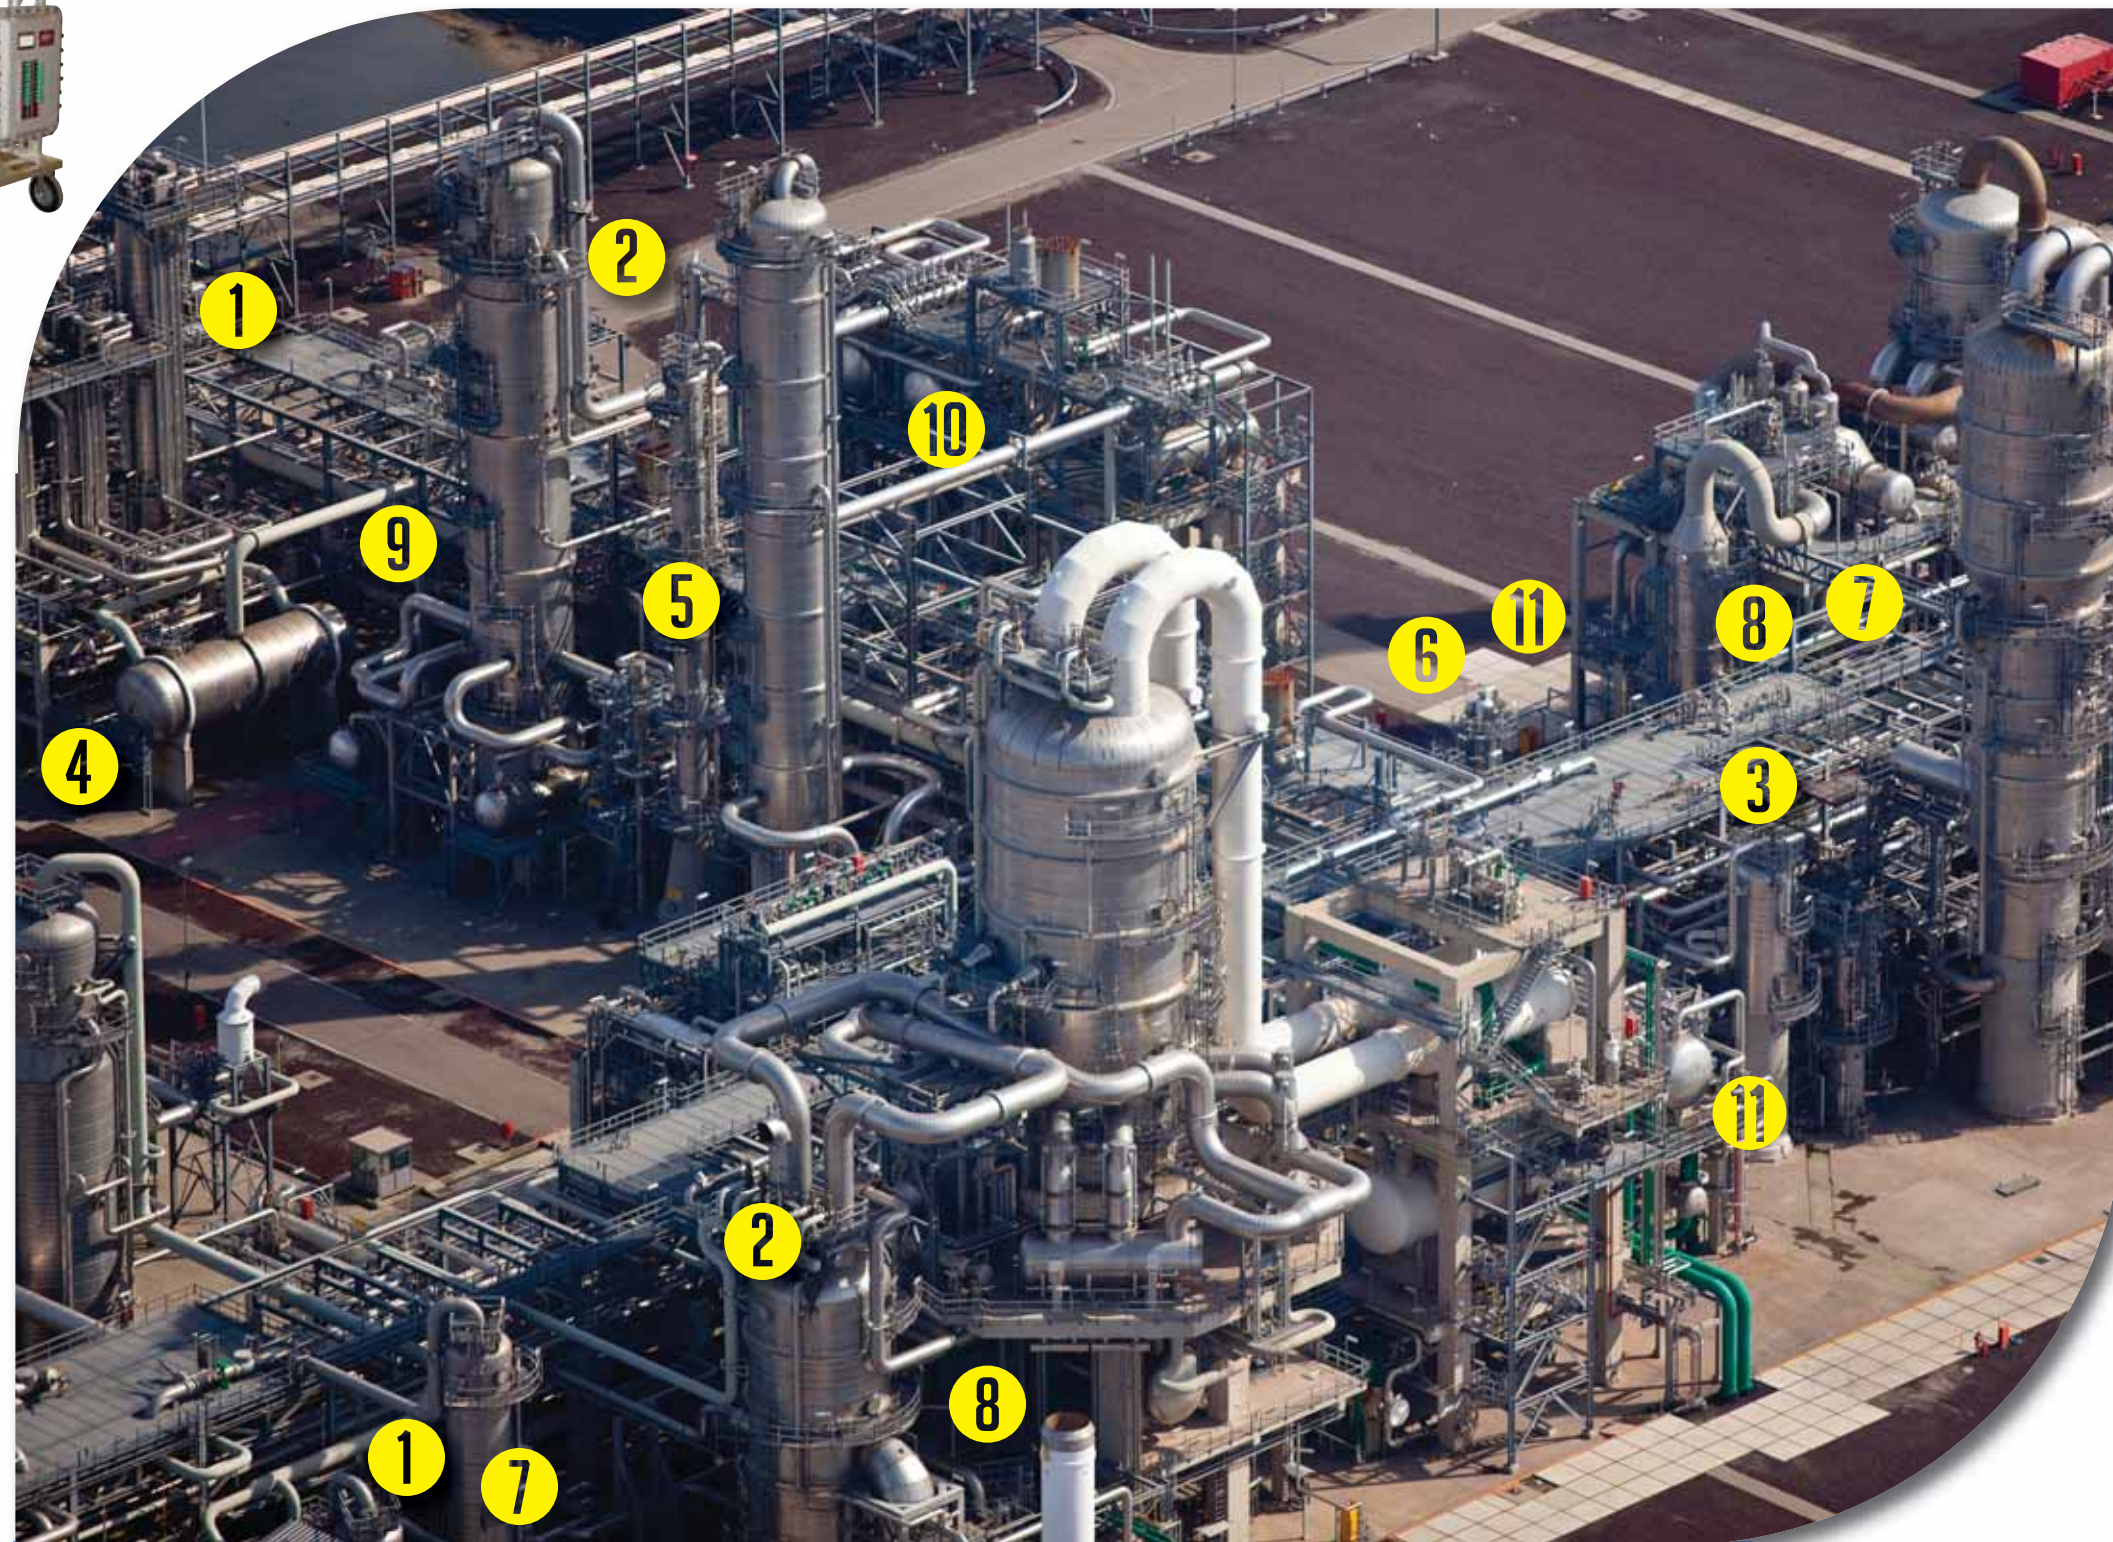

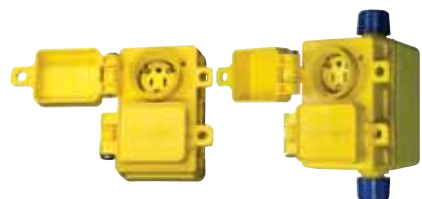

- Indoor/outdoor use: provides increased resistance to impact, heat, UV exposure, featuring a water tight body

5

PWDX All Weather Heavy Duty Wet Location Outlet Receptacle

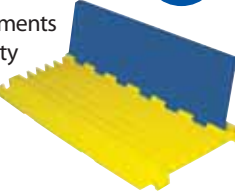

- Impact, chemical and corrosion resistant
- Exceptional all weather outdoor protection

6

TUFFTRAXX™ Cable Protectors

- Rugged, all-weather polyurethane construction
- Meets NEC & OSHA requirements
- 50,000 lbs/axle Load capacity
- Large capacity 5-slot 36" linear sections

7

XP Low Volt LED Stringlight Sets

- cETLus Listed
- Low voltage LED bulb
- Transformer - 120VAC 60Hz to 12VAC stepdown, rated 400VA
- Each receptacle supplies 10-drop LED stringlight
- Class I & II Div 1 & 2, Groups C, D, F & G

8

2600 Explosion Proof Handlamps and Stringlight Sets

- cETLus Listed
- NEMA 4X Rated
- Wet location rated
- Aluminum anti-spark guard
- Class I & II Div 1 & 2, Groups C, D, F & G

9

2200 Series Spot & Flood

- UL Listed and CSA certified
- 12V AC
- Spot or flood
- Class I, Div 1, Group D

10

2500 Series

- UL Listed
- Ballast in handle
- 26W T5 fluorescent bulb
- Long thin design for hard to reach areas
- Class I & II, Div 1 & 2

11

Perma-Tite™ 2 Water Tight Devices

- UL Listed & CSA Certified, some ETL Listed
- Tongue & groove sealing system
- NEMA Type 4, 4X, 6, 6P & IP67
