

Adventure With Purpose

For 15 years the Leadership Group has been offering extraordinary adventures for those who wish to make a difference from horse riding adventures in Outback Australia to ice climbing in NZ, Patagonia and Antarctica. Our programs are carefully designed to keep engaged all parties, young and old, whilst learning valuable life lessons along the way. Always at the centre of our adventures is contribution to community projects.

We do this because it is of benefit to a number of communities:

1. The community group we are assisting.
2. The young people who experience the beauty of having an awesome time adventuring; skiing, mountain climbing, building, abseiling, horse riding, mustering...whilst being of service making a difference to others.
3. The parents and friends of the young leaders who get to witness their greatness.

June / July School Holidays: Droving cattle on horse back to help farmers in drought

Victoria is suffering the worst autumn drought on record. Farmers have run out of feed. To assist we have designed a unique adventure with purpose program which both helps the farmers and all those who participate. We will be droving cattle to greener pastures on the old stock routes of NSW from Jingellic towards Tumbarumba either on foot or on horse. No prior riding experience required.

Recommended 3 days minimum.

Sept / Oct School Holidays: Ski in to restore Cattleman's Hut

Huts have played an important role in the European history of the Snowy Mountains region. Hundreds of huts once existed throughout the ranges of the district; from the earliest crude buildings of the miners and cattle graziers, wayside shanties and shelters for travellers and tourists and the important refuges for the pioneer skiers. The majority of huts and buildings have long since perished. We are going to ski in with all the tools and materials to carry out repair works to one of these huts currently threatened to be destroyed by the elements.

Recommended 5 days.

Program Leader is Peter Bland, the first Australian to have adventured to both the North and South Magnetic Poles and founder of the Leadership Group Education. To apply Call Peter 0417 330 517
