Q & A

Q: What I should know before I make an appointment?

A: Give yourself at least one week to prepare for the shoot and decide when and where you would like to have it (your home, my home studio or another location). I work mainly with natural (window) light so all session have to be during the day.

Q: What to prepare?

A: Depends on the style you are going for. Bring 3 to 5 of your favorite outfits. They can be simple tops with jeans, nice dresses or lingerie. Definitely bring some jewelry, accessories and/or props that go with the outfits. They add a lot to the photographs. Finally, if you buy new clothes for the shoot, make sure they fit well and are comfortable. Boudoir ideas: <http://www.imagecometrue.net/2012/07/clothing-ideas-for-boudoir-session.html>

Q: Do I really need my hair & make-up done professionally?

A: I cannot stress enough the importance of makeup and hair for a photo shoot. A good makeup artist is just as important as a photographer. If you are not confident with your own makeup skills, let one of our professionals do it for you.

Q: Do you edit the photos?

A: Yes, I pick 20 to 30 images from the shoot and then edit each of them for your online gallery. After you review the photos, I can make additional adjustments to your liking.

Q: Are you going to put my photos on your website or blog?

A: I would never, under any circumstances, publish your images without your permission! If a client approves, however, I may select some images for public viewing that we mutually agree upon.

Q: Can I bring my friends with me to the shoot?

A: Of course! Whatever makes you feel comfortable. I do, however, limit just one person for the shoot!
