Inscription on metal (1):

he asked her out
for dinner
she came up with a
friendly excuse
but he came back
the next day to
ask again
so she did the same
hoping he'd read
between the lines
and when he came
back the following
day she knew he
was persistent so
she eventually
went to just get it
over with and hoped
she'd never have
to see him again

Inscription on metal (2):

he had picked
a fancy restau-
rant and
ordered food and
wine for her
cuz 'he knew
whats best'
she tried to keep
the conversation as
Professional as
possible and focused
on getting it over with
when she had
finally arrived
alone at home she
felt relieved but
also ashamed if her-
self and angry for
her inability to say
NO!!! She was determined
to never again be
this little stupid nice girl
