

THE SQUARE AND THE TRIANGLE

Young and ordinary, he and she
fell in love on college campus
then came graduation
jobs, wedding, little ones, picket fence
unexciting, conventional
like their moms and dads

Then she came along, catching his eye
confusing him as to why
for in looks, she can't compete with his bride
who's now demanding that he desist
but no longer the groom she knew
he's trapped between the two
