Hutchins Scholarship Recipient

WORK EXPERIENCE

- 2015- present **Marmol Radziner & Associates** San Francisco and Los Angeles, CA
- 2007- 2009 **Senior Project Manager**
Lead the documentation and construction of high end residential and commercial projects as architecture and construction project manager. Develop and oversee project schedule, budget, and client expectations. Assemble and manage project team, solicit, award, and manage bids from subcontractors and engineers. Divide scope, negotiate subcontracts, review submittals, manage scope creep, authorize change orders, and communicate with ownership.
- 2014 - 2015 **Skidmore, Owings & Merrill** New York, NY
Technical Architect
Coordinated documentation and engineering of a NYC office tower renovation. Managed the construction drawings and project documents and coordinated submission of all permits in multi-phased fast tracked construction schedule. Prepared and presented progress reports to senior designers and board of directors. Lead regular consultant meetings with engineers, ownership, and consultants from all trades and coordinated decision making.
- 2012 - 2014 **MaKen Studios Development** Philadelphia, PA
Architect & Investor
Lead architect and investor partner in factory repositioning development. Coordinated the design, documentation, permitting, rezoning and construction of live work studios from land acquisition through construction. Developed and oversaw subcontracts, schedule, and project budget. Assembled and manage construction team and oversee day to day operations.
- 2010 - 2014 **Yale Vlock Building Project** New Haven, CT
Studio Critic & Construction Manager
Directed architecture graduate students in the documentation and hands-on construction of multi-family houses for premier design build program. Managed team and coordinated subcontractors in fast tracked construction schedule, with each building being completed in three months start to finish. Instruct, lead, and supervise all trades and volunteer carpentry crew.
- 2009 - present **Independant Architect** ME, ID, MA, CA
Architect & Construction Manager
Designed and managed multiple single family residential custom homes and remodels as an independant architect, construction manager, or client rep for private clients and for profit.

PUBLICATIONS

- 2011-2014 **Perspecta The Architectural Journal** MIT Press Cambridge, MA
Co-Editor of Issue 47 - Money
Edited internationally acclaimed theory based architectural journal exploring the intersections of design and economics. Conducted interviews, co-authored articles, and hosted lectures with world renowned architects, academics, artists, developers, economists, and politicians to explore architecture's conflicted relationship with the financial forces which shape it.
- 2013 **Architecture in the Age of Depleting Resources AD Magazine**, London, UK
Contributor
Featured sustainable design proposal showcasing innovative strategies to integrate energy generation technologies into the building shell. Project completed in collaboration with senior partners at Norman Foster and Atelier Ten sustainable design consultancy.
- 2011-2012 **Retrospecta** Yale University Press, New Haven, CT
Contributor
Featured digital fabrication prototypes and advanced digital fabrication scripting strategies for CNC robotic arms and ceramic 3D printing technologies.
- 2011 **Integrated Project Delivery in Education** Autodesk, San Francisco, CA
Contributor
Featured project showcasing advanced building information modeling coordination techniques.
- 2010 **Constructs** Yale University Press, New Haven, CT
Editor
Edited semi annual publication on architecture news and academic current events.
