

PHOTO PRODUCTS

Special offer

I am passionate about creating memories for you. My aim is not to only take beautiful photographs of you and your family, but most of all provide you with gorgeous and timeless products that will make you happy every time you look at them.

I strongly believe that printed products are so much more than digital images. Your photographs will look so much better displayed on your wall or in an album than just as a digital file. So let me create stunning final products for you using the best quality Europe and UK's professional labs and experience them in all their beauty.

FINE ART WOODEN BLOCKS

With a depth of 18 mm, create a beautiful handmade wall mounted piece of art with Fine Art Wooden Block - a combination of high quality birch plywood with your images printed on Fine Art Hahnemühle William Turner 310g paper.

Birch wood is known for its formidable strength and exceptional superficial smoothness. Furthermore, the wooden blocks are sealed with linseed oil that gives the grain nourishment and definition.

Block printing preserves the image in the highest resolution and archival standards. To protect this work of art, a varnish layer provides water and light resistance.

The wooden blocks are available in different shapes and sizes. I offer a round, a rectangle and a square shape with a whole range of different sizes.

- 8" x 8" ~~£46.50~~ - now £39.50
