

# Portfolio

Growing up by the beach in the Outer Banks, NC my passion for photography, design, surfing, and exploring has allowed me to exercise my creativity daily.

After graduating from SCAD with a major in Photography and a minor in Graphic Design I decided to take my creative talents to San Diego, CA to discover opportunities that align with my career goals and lifestyle.

I love the challenge of taking on new projects and exploring and perfecting my various photography/design skills. I work with various photography & design mediums and programs including Digital Photography, Analog Photography, Studio Lighting, Capture One, Web Design, Adobe Suites, and Microsoft Suite. I am an adaptable self-starter and excel in both ambiguity and strict direction during a project. I look forward to progressing and evolving my career.

## FREELANCE PHOTOGRAPHER & GRAPHIC DESIGNER

### 2020–PRESENT

- Photograph properties, wedding’s, portraits, engagements and special events.
- Maintain at least 15-20 clients at a time. As a freelance photographer, it’s important to show frequent clients consistent quality work and services with each project.
- Create marketing material for Real Estate Agents, local business’s, and individuals.

## PROJECT MANAGER/DESIGNER AT HOUSE ON THE SQUARE DESIGN CO.

### 2018–2020

- Obtain funding for various Real Estate Investing ventures including design services, traditional house flipping, buy and hold scenarios, and short-term rentals.
- Acted as on-site project manager ensuring things are done on time and within budget.
- Managed and created all design and marketing material for web, social media, and advertising.

## REAL ESTATE PHOTOGRAPHER AT VIRTUANCE

### 2016–PRESENT

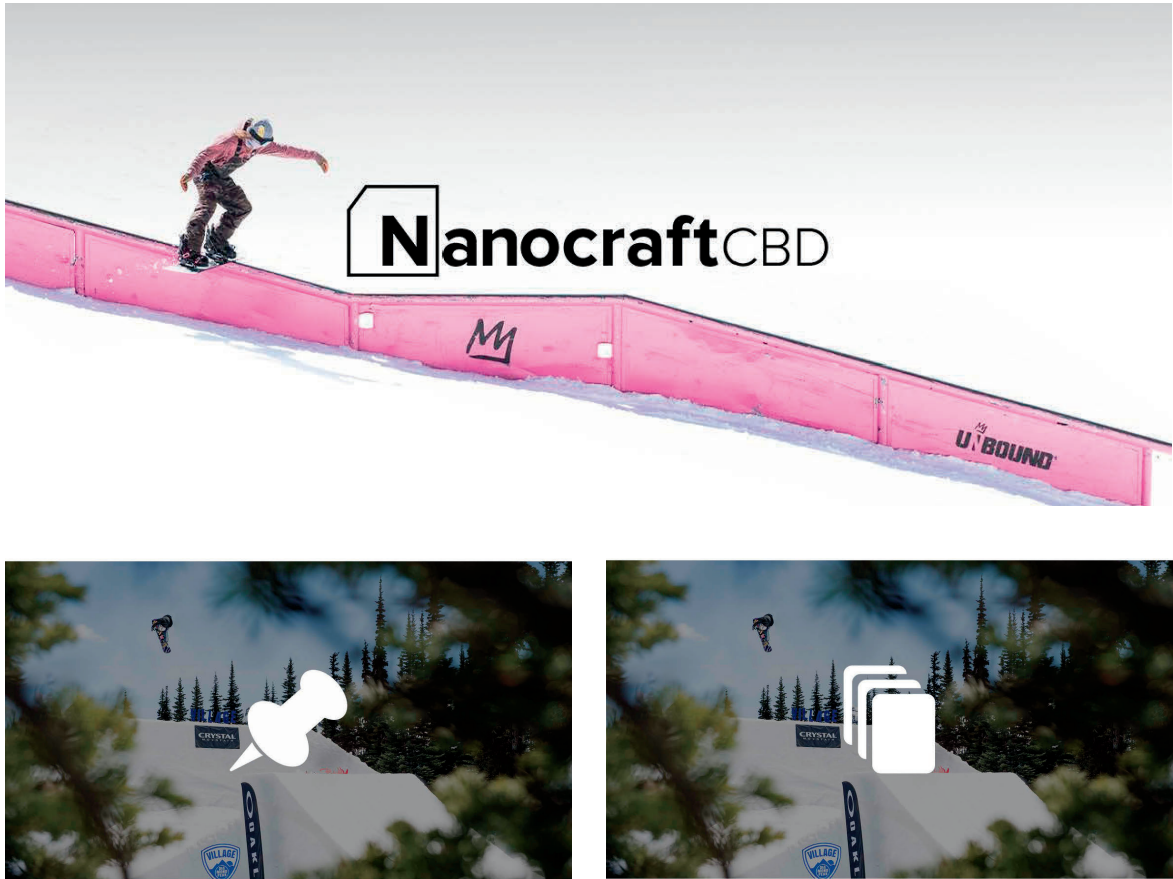

- Service Virtuance’s large client list and provide consistent quality work.
- Clients worked with include Compass Real Estate, Berkshire Hathaway, Bedrosian Tile & Stone, Keller Williams, and Sotheby’s International Realty.
- Photographed over 1000+ residential houses, apartments, estates, and short term rentals in the Southern California region.
- Service the entire San Diego County region..

## GRAPHIC DESIGN INTERN AT OUTSIDE TELEVISION

### 2019

- Worked directly with the graphic design team to manage all digital assets for a wide ranging array of projects and clients.
- Helped lead design and social media planning for the Outside Television website, by using my knowledge of typography, illustration, and photo editing.
- Pitched new marketing media ideas for social channels to drive consumer engagement and consistency.
- Presented and curated projects and client/competition research to art and marketing managers, including executives, to aid in business decisions and strategy development.
