

Teen classes (13-17)
Adult classes:(18+)

Modern Step-Stool: 6 hours

Tuition: \$475.00 including all materials and tools.

In this class we will make step stools - perfect for reaching a high shelf in the kitchen or a decorative plant stand. This class is a mixture of DIY woodworking and fine furniture making. Students will gain practical skills that will give them the tools to feel more capable and confident in their home building projects. They will also be introduced to more intricate power tools and fine furniture techniques.

Tools used: Jointer, table saw, chop saw (Straight cuts and angled cuts), drill, driver, orbital sander, hand sanders.

Shaped Walnut Cutting Board: 8 hours

Tuition: \$675.00 including all tools and materials

Students will get to design and pattern out their unique cutting board. This class will cover the milling process, biscuit joinery, surface glue ups, pattern making, shaping, template routing, and food safe finishing. This is a great class for anyone wanting an introduction to fine woodworking and to take home a beautiful, custom designed cutting board.

Tools used: Joiner, planer, table saw, chop saw, clamps, band saw, router, disc sander, rasp, hand plane, hand sanders.

Cherry End Table: 24 hours

Tuition: \$1,750.00 including all tools and materials

Michal Mandil Studio LLC

Students in this course will make a cherry end table. We will go through the entire process from rough lumber to a finished piece of furniture. Students will get a sense of what goes into making a piece of fine furniture and get to enjoy their work for years to come.

Tools used: joiner, planer, chop saw, table saw, biscuit joiner, domino joiner, clamps, orbital sander, hand sander

Custom Workshops

If you are interested in realizing a piece of your own design, I offer custom private and group workshops. Please email me at michalmandilstudio@gmail.com to inquire.

Tuition (materials not included): \$90/hr private lessons
