- Platforms:** Apple MacOS, Microsoft Windows, Linux
- Imaging:** **Digital Cinema Systems:** ARRI, RED, Sony, Panasonic, Canon, Vision Research (Phantom)  
**Digital Still Camera Systems:** Canon, Nikon, Sony, Fuji, Phase One, Hasselblad, Leica

### Professional Experience

BRIAN MERWIN DIGITAL IMAGING

2018 – Present

#### Digital Imaging Technician

- Provide on-set digital asset management, as well as live color services to local and national clients.
- Works closely with the ACs to ensure proper camera configuration based on specifications set by the director of photography and the post production team.
- Provides on-set color correction and grading solutions ranging from live color, to LUT/CDL generation.
- Creation of color corrected dailies, or proxies for editorial as needed.
- Routing of live feeds throughout the set during production, as well as signal analysis.
- Management of digital utility and digital loader staff as needed.
- Utilizes extensive corporate IT project management experience for developing and managing digital asset management workflows on a per project basis for small and large productions alike.

BRIAN MERWIN PHOTOGRAPHY

2009 – 2018

#### Photographer / Videographer / Digital Imaging Technician (Stills)

Provide photographic services to local and national clients for a variety of projects for both digital and print campaigns. Post-production/retouching for both BMP projects, as well as other local photographers and video content creators. Video production for live events, product vignettes and web productions.

- Leverages extensive knowledge of photography and cinematography in operating cameras for promotional photoshoots, candid event shots, television commercials and film projects.

- Maintains close relationships with various third-party vendors, stylists, producers and photo assistants.
- Served as the staff photographer for the nationally touring Super Happy Funtime Burlesque show from 2008-2010.
- Manages local contract crew members such as photo assistants, make-up artists, food and fashion stylists in order to execute large productions.
- Past clients include: The Weather Channel, The Home Depot, Forbes Magazine, Vertera Spine, Bergera Rifles as well as numerous local and national photographers who employ my services as a retoucher and video editor.

ASPEN SURGICAL PRODUCTS, INC., Grand Rapids, MI

2005 – 2010

**Director of IT**

Provide incident response, technical consultative services and advice to all business areas. Actively monitor and manage remote users via corporate VPN tunnel, user accounts and security access, building security systems, and numerous network servers providing voice, email, network storage, fax and database services. Research, purchase, and configure of all new network and server hardware/software.
