SKETCH WALK
LUANG PRABANG

Sketch Walk Luang Prabang is a half day long sketching workshop provided by Asia Reveal Tour, accompanied by an officially licensed Lao guide and lead by locally based artist/illustrator, Paul Bloxham.

THW WORKSHOP

The workshop focuses on observational drawing so we will be working on location, be it on the street in front of old shop houses or in the grounds of a temple–drawing from life. Unless you have your own materials and prefered medium, we will work in sketchbooks in graphite pencil. It doesnt matter what experience you have, whether you want to learn some basic drawing techniques or develop your skills and confidence at drawing from life, Paul will provide guidance tailored to your needs.

We will draw for about three hours or so, pausing to review work.

Though this is an informal, relaxed workshop and we hope you will have produced some drawing that you are happy with, that you have learned something, and enjoyed yourselves.

MATERIALS

The workshop fee includes a basic sketching kit. We can lend you fold-up stools.

LAO GUIDE

In Laos, all tours and workshops are required to employ an officially licensed Lao tour guide. Your local English speaking guide will be available throughout the workshop.

PAUL BLOXHAM

Paul has 40 years experience working in illustration and graphic design, has a post-graduate art and design teaching qualification and experience lecturing in the UK. He has lived in Laos since 1997.
