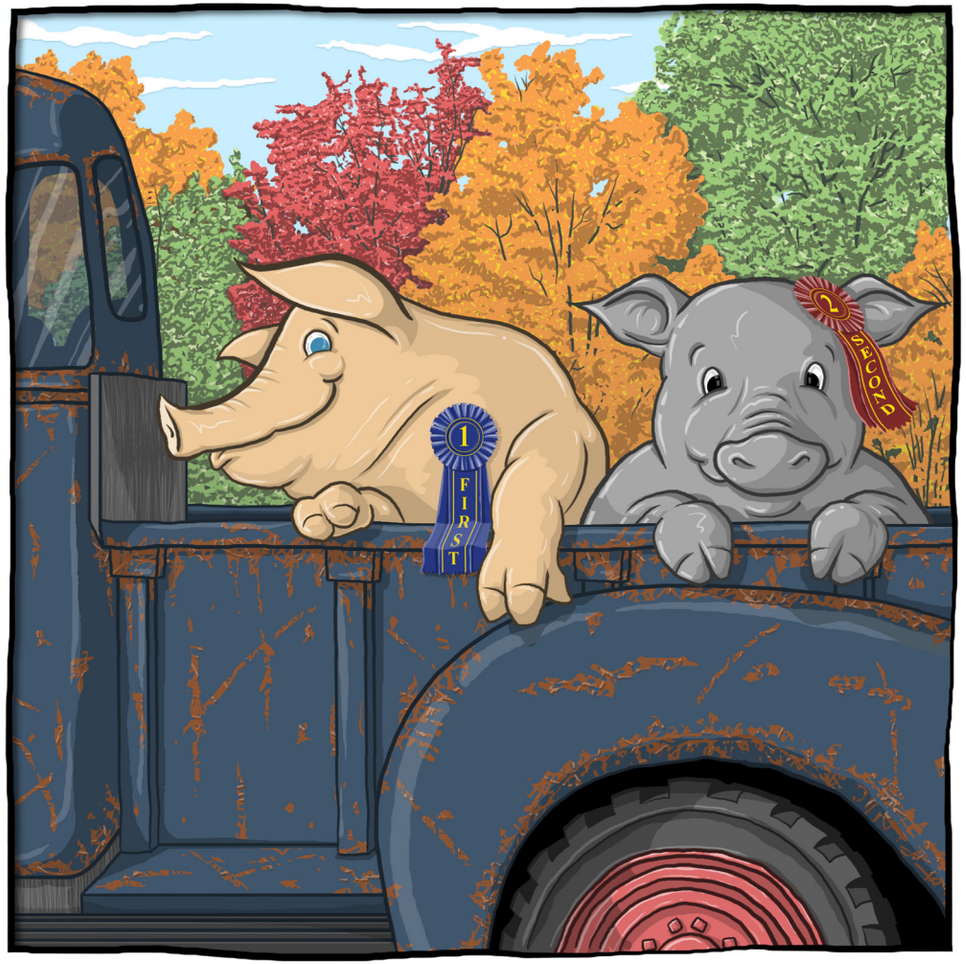
For Daniel and Sophia
Your love is reflected on every page.

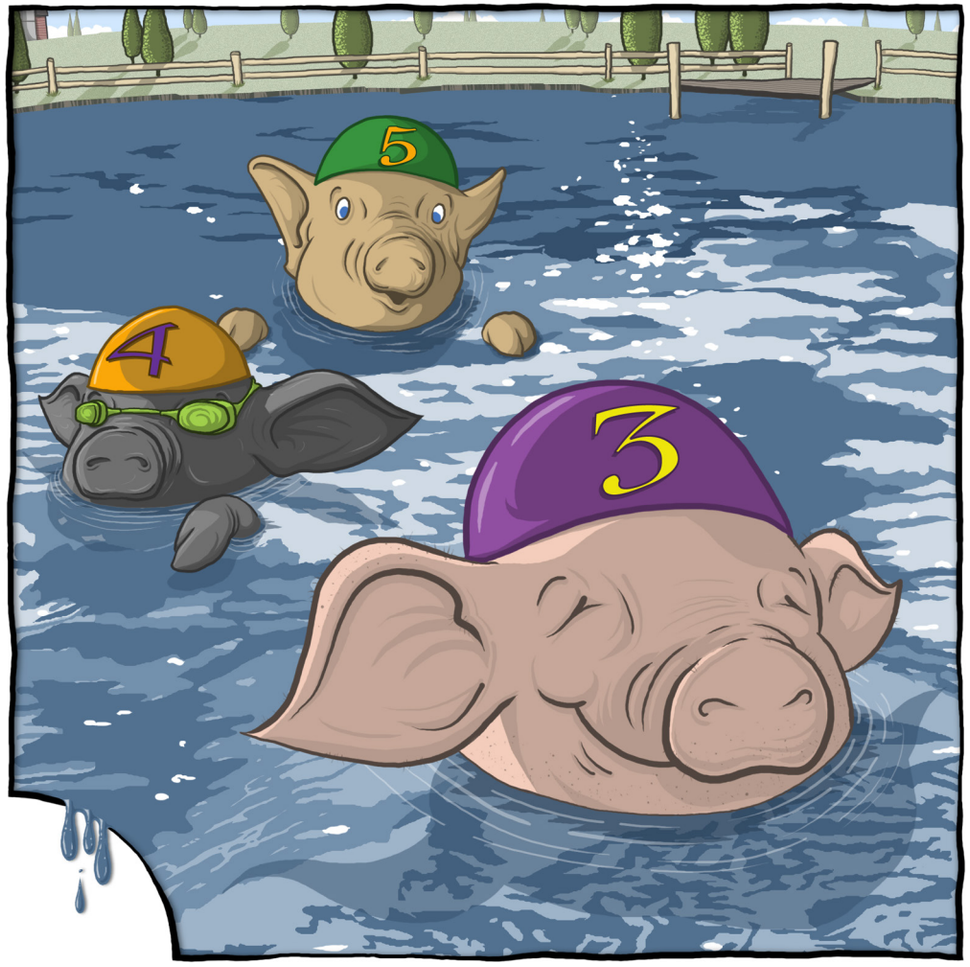
One pig

Two pig

Me pig

You pig





Three pig

Four pig

Five pig

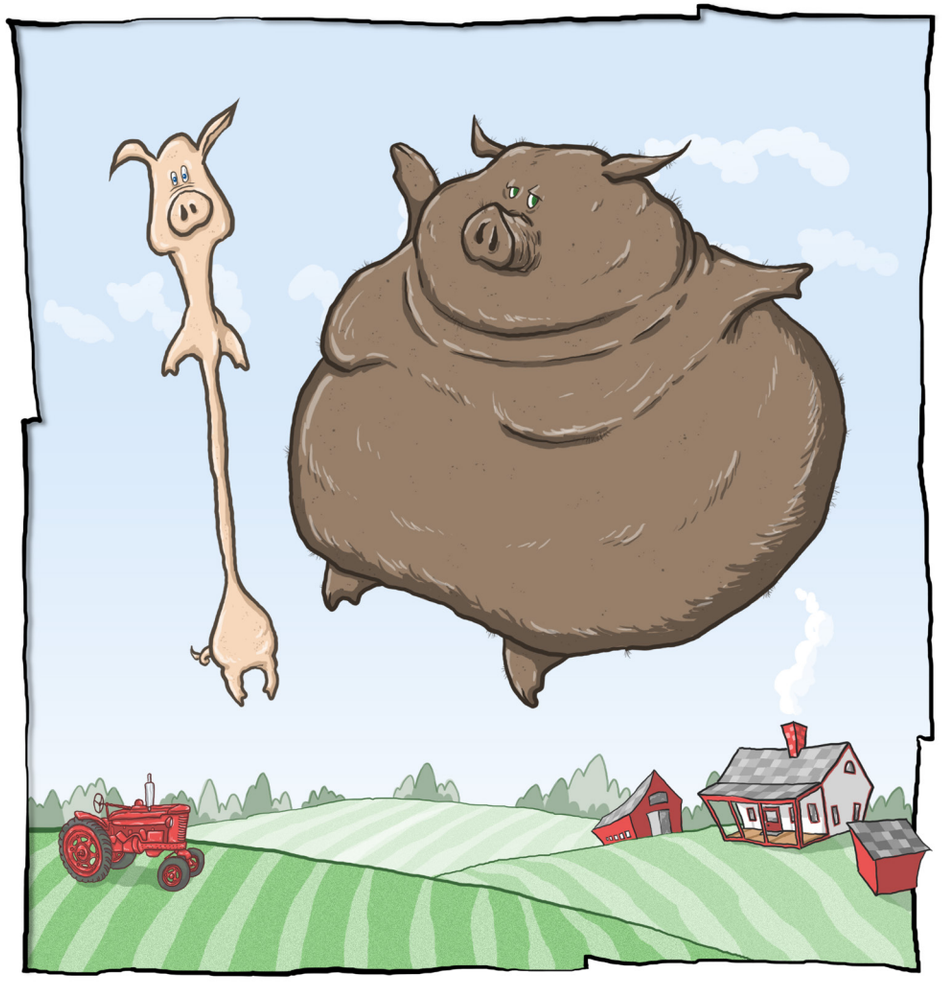
More...

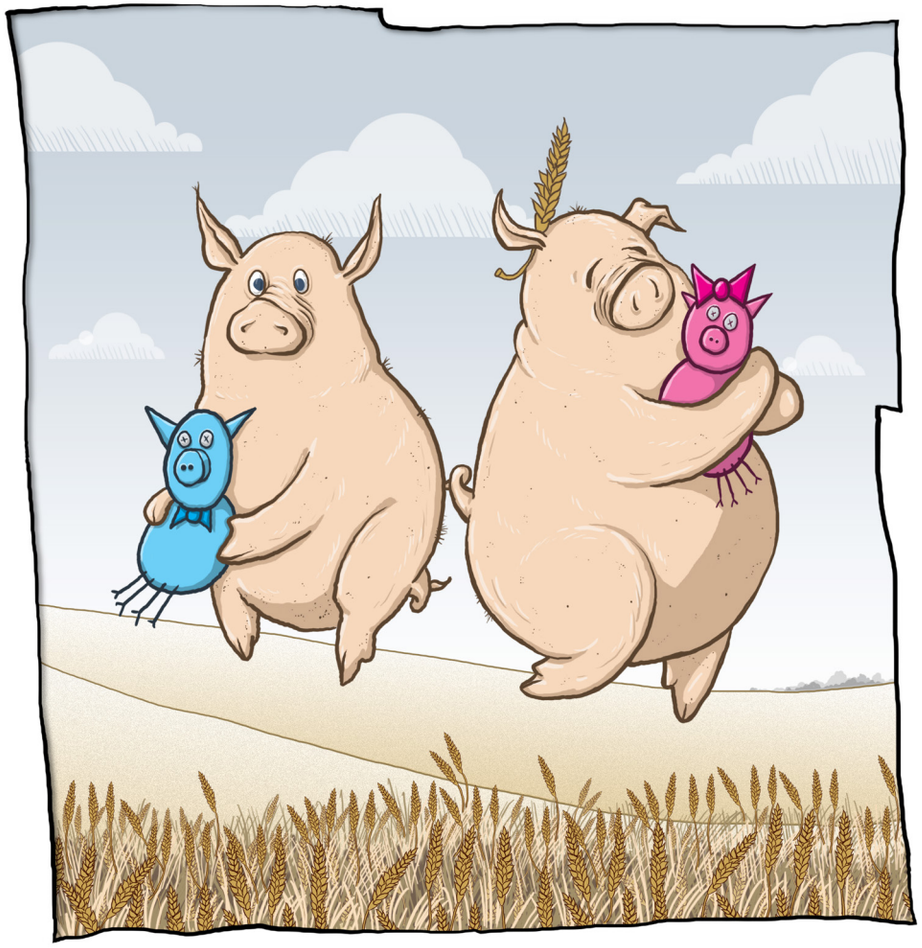
This pig

That pig

Thin pig

Fat pig





His pig

Her pig

My pig

Yours

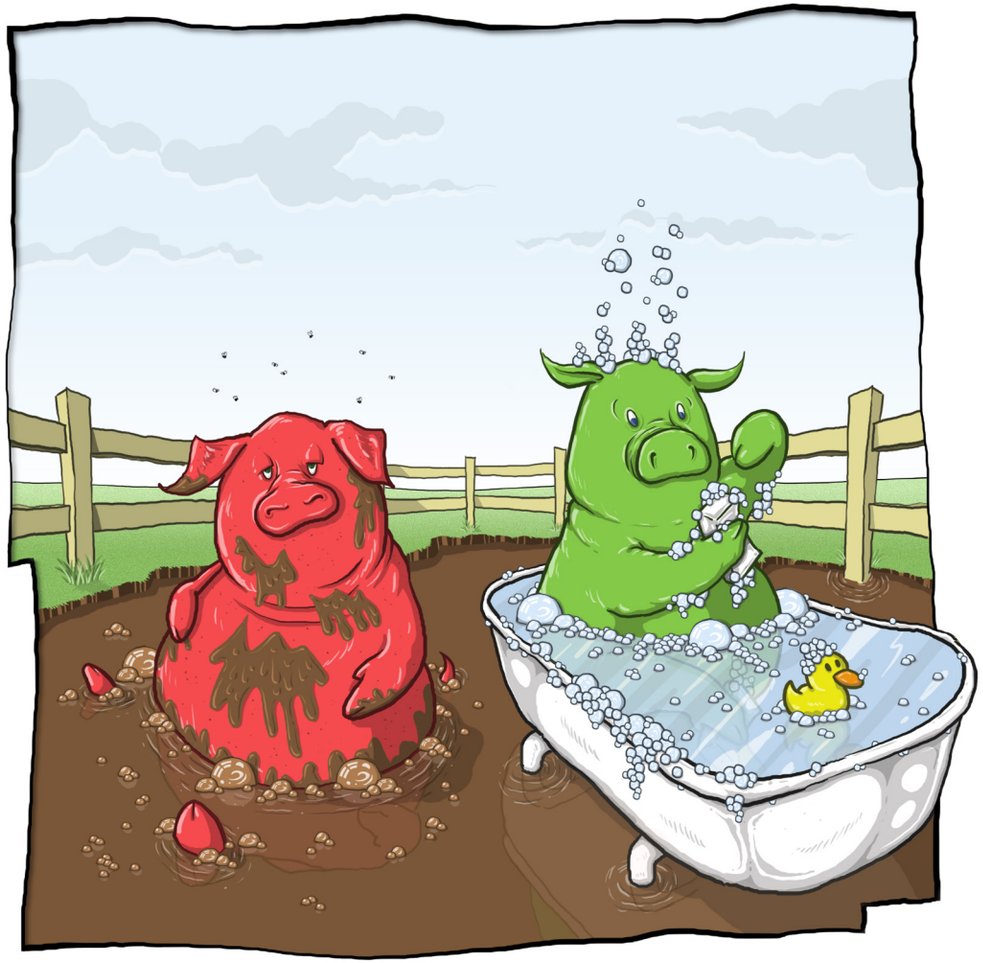
These are just some
of the pigs in the pile

One pig red

One pig green

One pig dirty

One pig clean



A pig that has wings

A pig that can fly

These pigs are sleeping

shhhhhhhh!

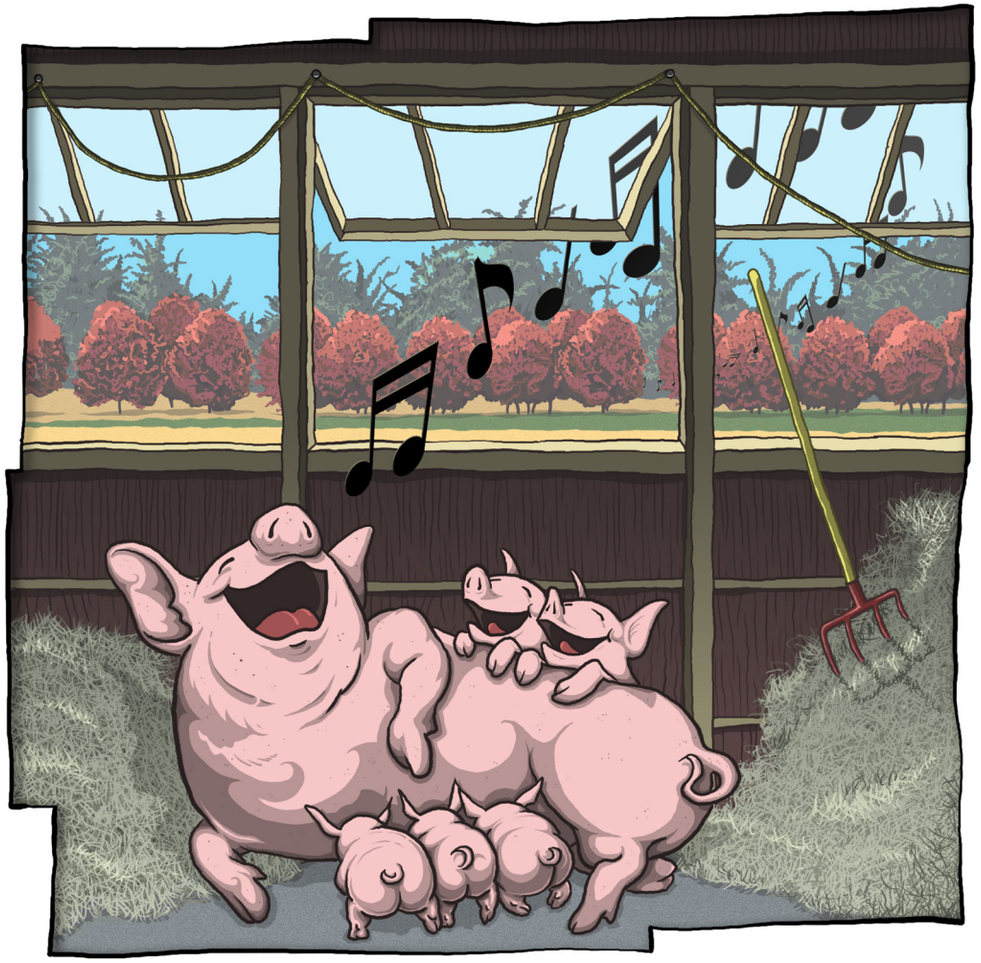
Those pigs wear ties

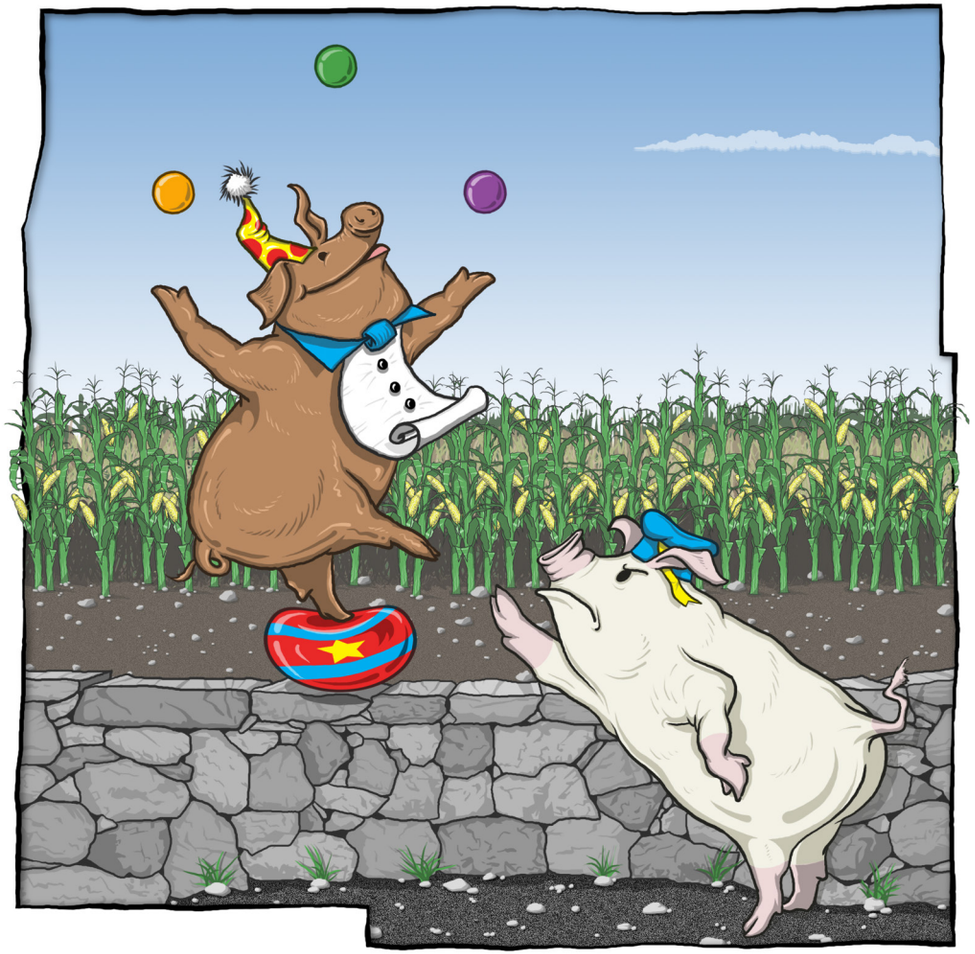
One pig is singing

While two sing along

Three pigs are eating

Enjoying the song

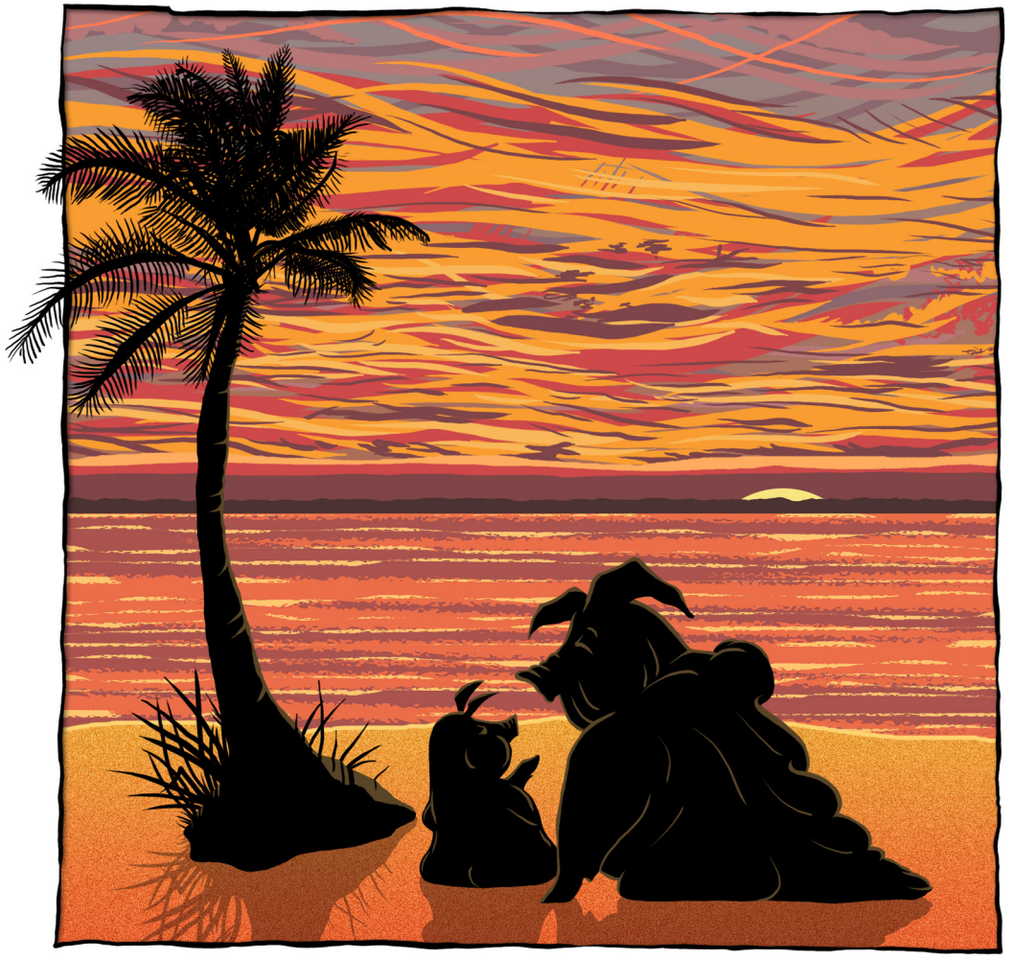




Now, this pig is silly
And she is a clown
That pig's not happy
And he wears a frown

These are some more
of the pigs in the pile

A pair of pigs waiting
For the setting sun
One pig is old
The other is young



One pig with roast beef

Two pigs without

Three little pigs

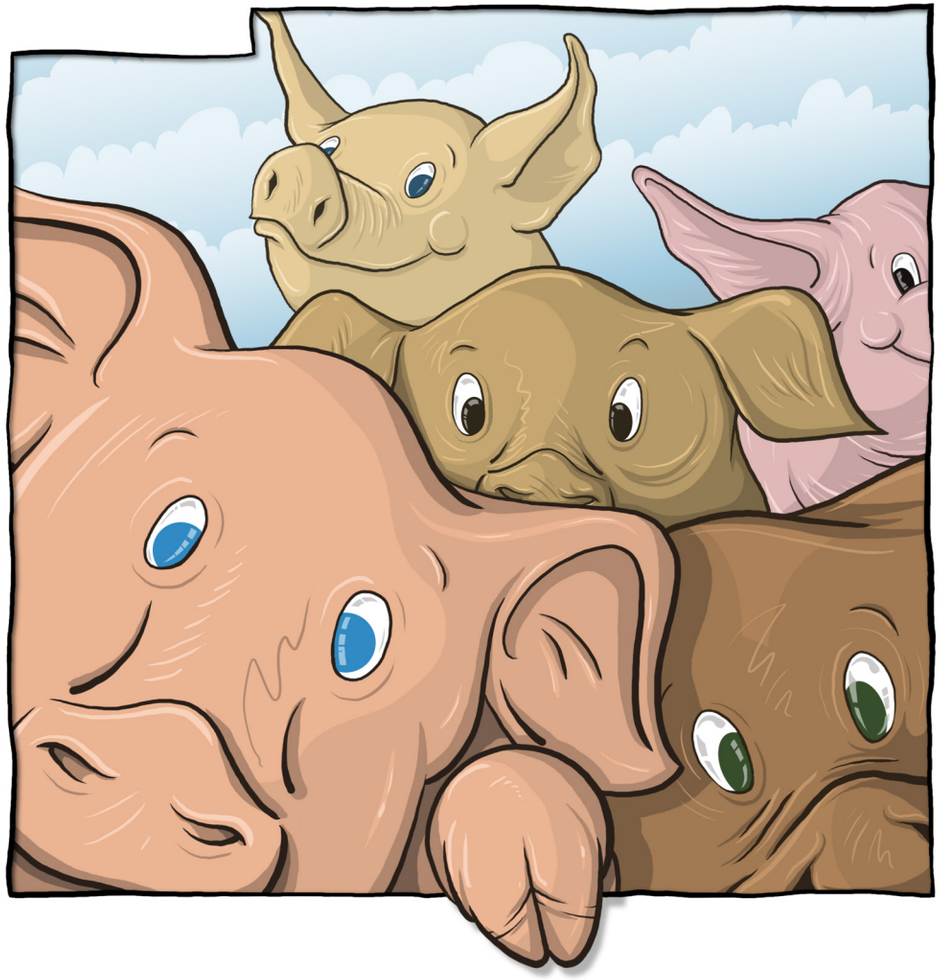
Are building a house

Pigs love to dance

Love to run, love to jump

All of these pigs

Just love having fun



Pig watching me
Watching pig watching you
There's nothing by far
I would rather do

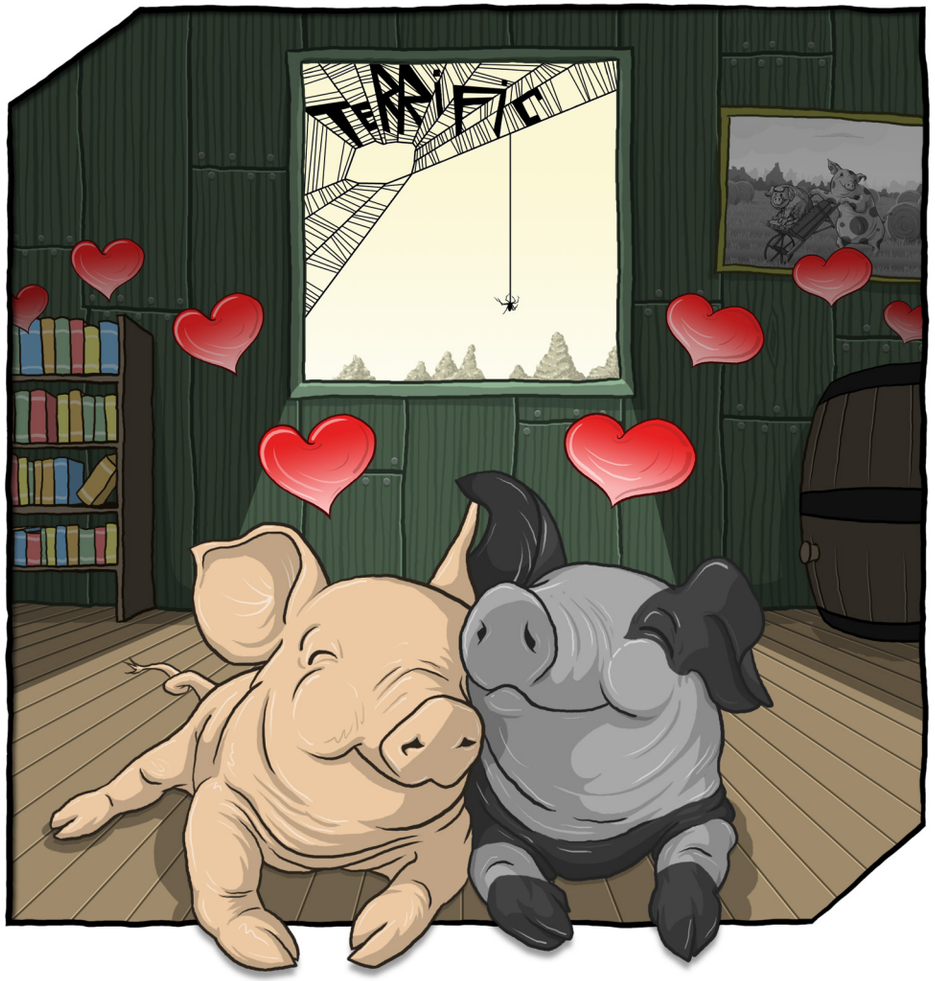
These are some more
of the pigs in the pile

Pigs are terrific

And really quite smart

Most pigs I know

Have very big hearts



Pigs on the bottom

Pigs on the top

The pile keeps growing

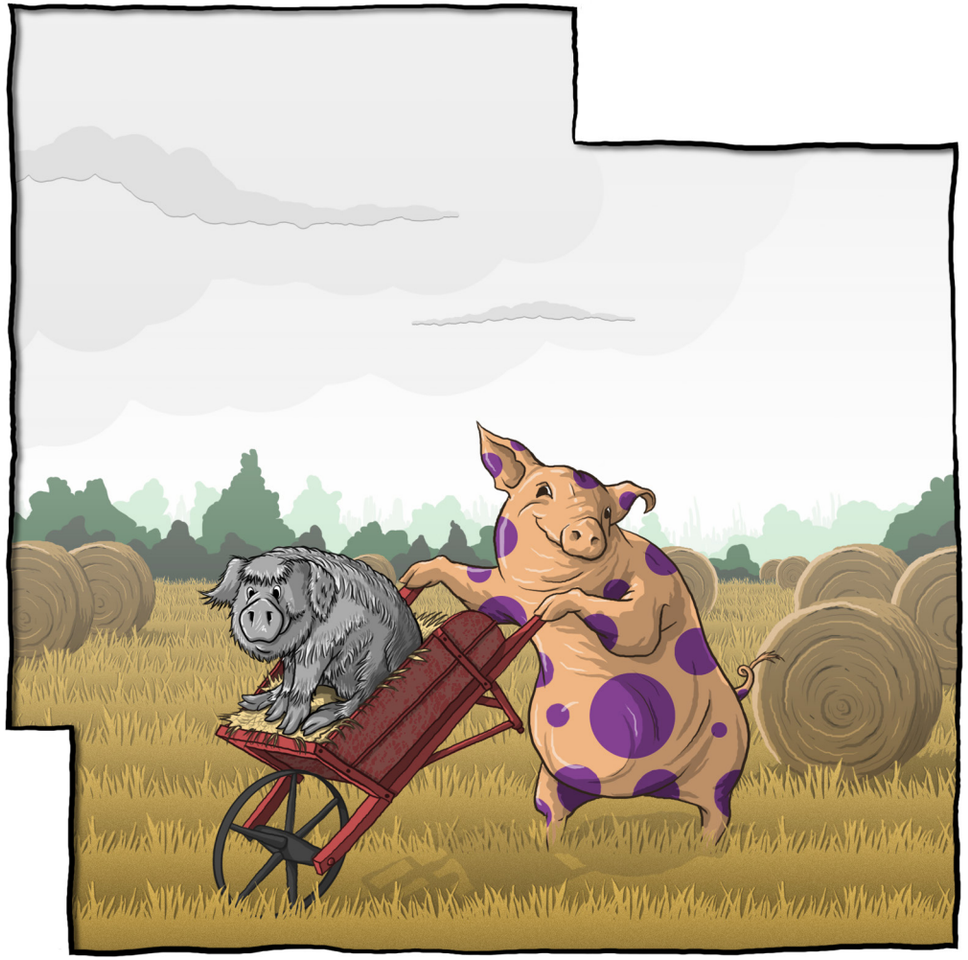
And won't ever stop

Most pigs are hairy

Though many are not

Some pigs are covered

With interesting spots



There are pigs of all sizes

All colors and shapes

Making the pile

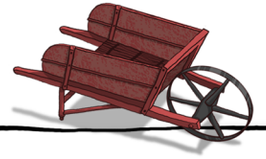
A most wonderful place

If you look close

And you look for a while

Soon you will see

We are all pigs in the pile



I hope you enjoyed "Pig Pile."
