

CLIENT LOVE

"We are just blown away!
The photos are just
breathtaking.

You've created something really quite magical for us."

HELLO!

i'm david tinkler

After years of working as a sports photographer, taking pictures in great places like Wembley Stadium, I made the move to wedding photography five years ago.

It began when I photographed a few lovely little weddings for friends and family who didn't want to hire a typical wedding photographer - they just wanted to live their day and have someone that they trusted capture all of the special moments for them.

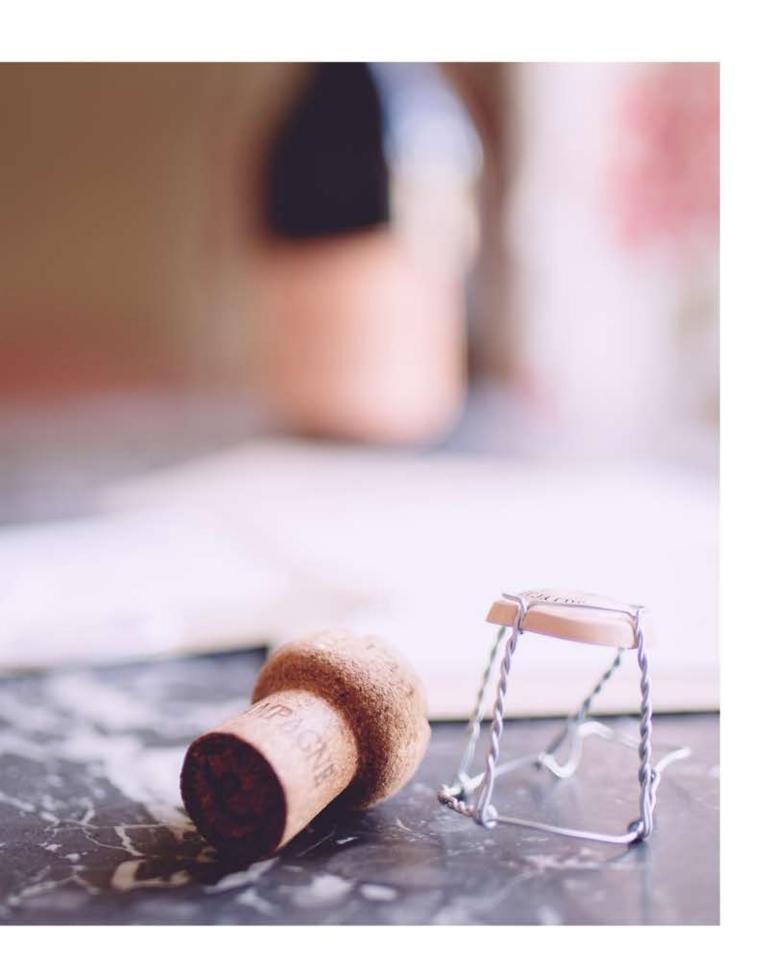

I was almost surprised by how much I enjoyed it and I haven't looked back since.

These days I still place most of the emphisis on catching the fun, silly and magic moments from a wedding day and I love what I do.

WHYpick me? I specialise in capturing natural, un-posed images that you will recognise yourselves in. I won't make you pose awkwardly all day, and I will never ask you to 'give me a big smile' - I promise! I prefer to have you relax, laugh and joke with each other (and your guests) and you can trust that I'm capturing the magic moments for you to re-live later. All of the fun - none of the cheese!

Also I'm one of very few photographers that can shoot a highlight video for you too, as just one person - more on that

later!

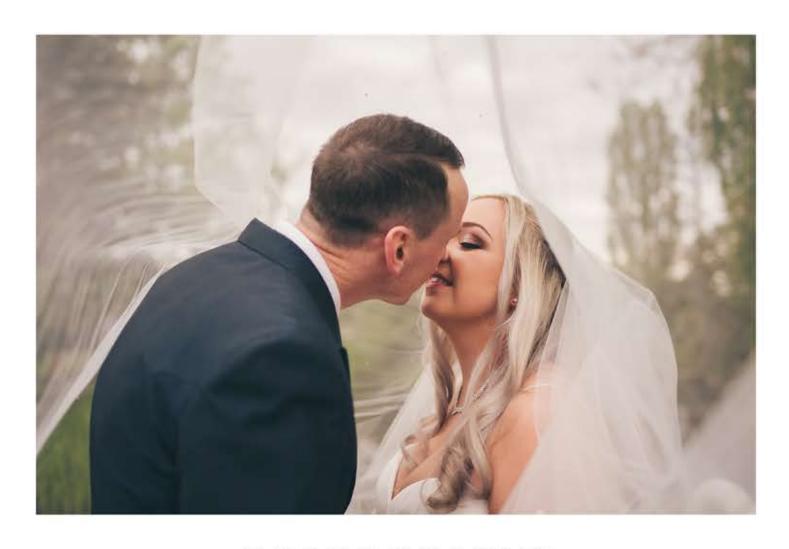

INVESTMENT

your memories are worth capturing properly

If you are considering hiring me to capture your big day then I have good news for you!

I have a wide range of different coverage options and products available - all wrapped up in nice, great value collections, plus you can go a la carte and pick and choose from the extras and add-ons to create your own tailor-made package.

COLLECTIONS

£1195

£745

HIGHLIGHT VIDEO

what is a highlight video and when are they needed?

I'm one of very few photographers that offer highlight videos alongside photography. I can also shoot photo and video at the same time - meaning you can get beautiful photos and video by hiring just one person.

Examples are at: www.davidtinkler.com/highlights-video

What is a highlight video?

A highlight video is a 3-5 minute film, set to music, capturing all of the biggest moments from your special day.

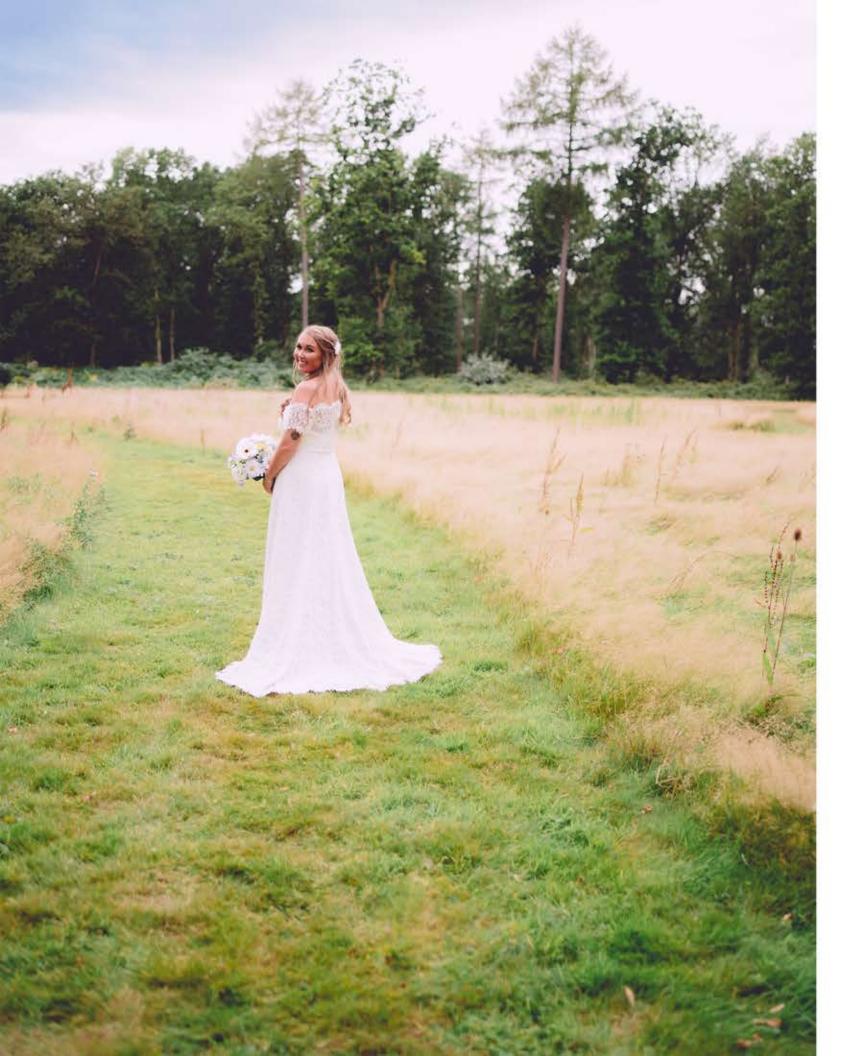

Do I need a highlight video?

I created highlight videos for couples that:

- a) Want a video to remember their big day by, but not a90 minute wedding movie.
- b) Want a video of their big day but don't want the intrusion of a video team.
- c) Want a video of their big day but don't have the budget for a full video team.

If any of those describe you - a highlight video may well be the perfect solution.

HIGHLIGHT VIDEO FAQS

how do you shoot photo and video at the same time?

On a wedding day I have three cameras with me and they are all exactly the same make and model. I know these cameras inside out.

I am extremely adept at taking pictures and then very quickly switching over to video mode and recording a clip before quickly switching back to photo mode. I do this throughout the entire day and by the time I get home I have hundreds of clips that I edit to create the highlight video.

is the video easy to share?

Yes! Very easy. I create two versions - a
high resolution version for your
computer or TV, and a lower resolution
copy for your phone.

You can share a download link for the
high resolution version and you can
simply text the low resolution version
straight from your phone.

what do you mean when you say
they are ideal for couples that
don't want the intrusion of a
video team at their wedding?

Videographers that make a full 90 minute movie of a wedding need either a lot of gear, extra people or both. They can sometimes block your guests view, be a distraction in your photos, clutter up the aisle, etc. Here are few examples of what I mean by that:

WEDDING DAY

advice for a stress-free, relaxed wedding day

By the time your wedding day comes around, the chances are it will have probably been a long time in the making. Hours and hours planning and researching and planning and talking to vendors and planning and viewings and tastings and planning. Did I mention the planning?

Whether you've enjoyed the process or not, you will have planned your special day down to the finest detail.

After such a long time and so much effort, it's only natural that you might start feel a little anxious or concerned about everything going smoothly as the big day approaches.

Good news - In this section I'm going to tell you why you needn't worry about... well, anything!

on trust your vendors

You put the time in, you did the research, you picked the perfect vendors for you. They are the experts, they do this all the time - they won't let you down.

If you book well (and if you're reading this you are obviously good at doing your research) your vendors will know exactly what they are doing and everything will go smoothly.

02 enjoy the morning

For example, try not to spend all morning worrying about the ceremony. This is a unique time with your best friends. Make the most of it - it's a big part of your special day. Having a nice time getting ready with your friends will relax you and put you in a good place for the rest of the day.

03 remember to eat

Sounds silly right? It happens though.

Some people get a bit nervous or
distracted and simply forget to eat.

Weddings often have things happening
over the early afternoon so if you didn't
eat a good breakfast, you may not get
much food until dinner.

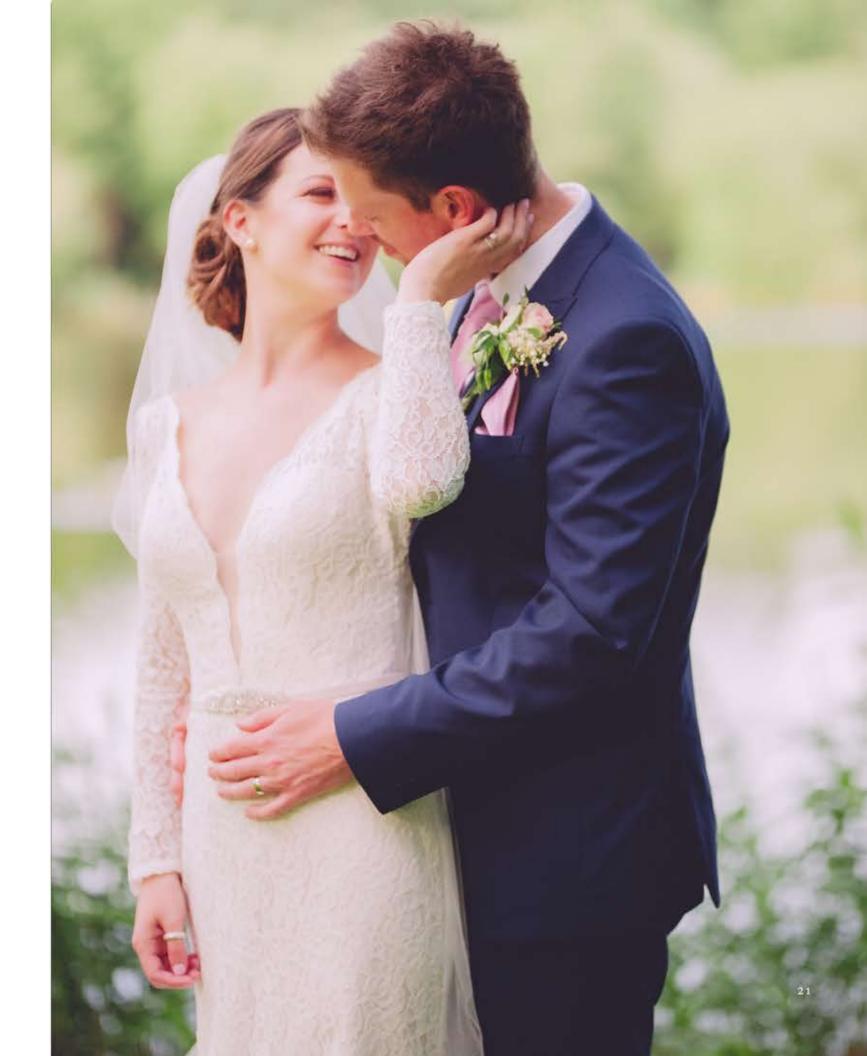

04 don't sweat the small stuff

A guest arrives late? Uncle John has ran off to the bar when he's needed for photos? Best Man checking the football score on his phone during dinner?

Don't let it get to you. When you look back over your pictures and remember your amazing day, these kind of things won't be significant in the slightest.

05 talk to important vendors as the day nears

Your vendors will be happy to have a chat with you a week or two before the big day. Either in person, a video call, a phone call or even just by email - it doesn't really matter too much how - it just gives you the opportunity to make sure they are up to date with all of the latest plans. It can often be a long time between you booking someone and the wedding day. Running things by your vendors one more time will really give you peace of mind. I always contact my couples a few weeks before the big day to double check everything.

LOVE NOTES

my incredible couples share their experience

I can't begin to describe how much I appreciate each and every couple that have put their trust in me to capture the best day of their lives for them. It means the world to me. I take the responsibility very seriously and I put my heart and soul into giving them the most beautiful and special pictures that last them a lifetime - but also a seamless and stress free experience. From the moment they first contact me right through the entire process. It's all equally important to me.

That's why my very favourite part of what I do is learning what it meant to the couples. I love getting comments like these...

sophie & sam

Wow! We just love all of them. You did such an amazing job. We've been showing everyone and they are all so impressed. My Mum cried her eyes out when we showed her - it was so sweet!

katie & mark

I'm in tears. They are stunning! We just love them. You have somehow managed to make the two most awkward people in the world look natural and relaxed. I honestly think that's the first time in my life I have looked at photos of myself and not cringed. You're a wizard!

carley & wes

You were brilliant all day, very fun and friendly and went the extra mile to make our day even more perfect.

You kept us relaxed and at ease and the pictures are just... wow!

Absolutely beautiful. We cannot thank you enough.'

lorna & phil

The pictures are just perfect, thank you so much. It was so exciting looking at them all because after a year of planning the wedding, it went so fast and even though it's only been 2 weeks it was already starting to feel like it didn't even happen! These pictures made it all feel real again - thank you!'

FAQS

expertly answered

on how many hours is 'all day'?

If you book one of my all day coverage collections, then 'all day' means from bridal prep until around an hour after first dance.

I deliberately don't put an amount of hours on the all day collections as each wedding is different and timings can vary a lot.

We would talk well in advance of the date and get all of the timings in order so you'll know what time to expect me on the day.

oz when do we receive the pictures?

Typically it takes around 4 weeks, but during particularly busy times it may take a little longer - but never more than 6 weeks. This time frame remains the same if you book a highlight video too.

o3 can we see see a few pictures sooner than that?

Absolutely. With your permission I'll happily post a 'sneak peek' of 10-15 pictures on my website within a day or two of your wedding.

04 how many pictures do we get?

I don't put a limit on the number of pictures I deliver. You get every picture I take that passes quality control. For a full day this is usually around 700-900 pictures. For 5 hours it's usually around 300-500.

05 are the pictures edited

Yes, each and every picture gets individually edited to make sure it's just right before you see it. Edits are all very natural and subtle - your pictures will look exactly how you remember your day.

of will we own the rights to our pictures?

Yes, you'll be free to do just about anything you like with your pictures (and highlight video). Share with your friends and family, print them, post them online - whatever you like.

The files you will receive are high resolution jpegs, perfect for printing in large format (wall art etc) or a smaller format (albums etc).

07 how much is the deposit?

25% of the total of your chosen collection. Once the deposit is in you are fully booked in and no one else can book me on that date. The remining balance can then be paid in as many or as few installments as you choose.

08 do you have insurance?

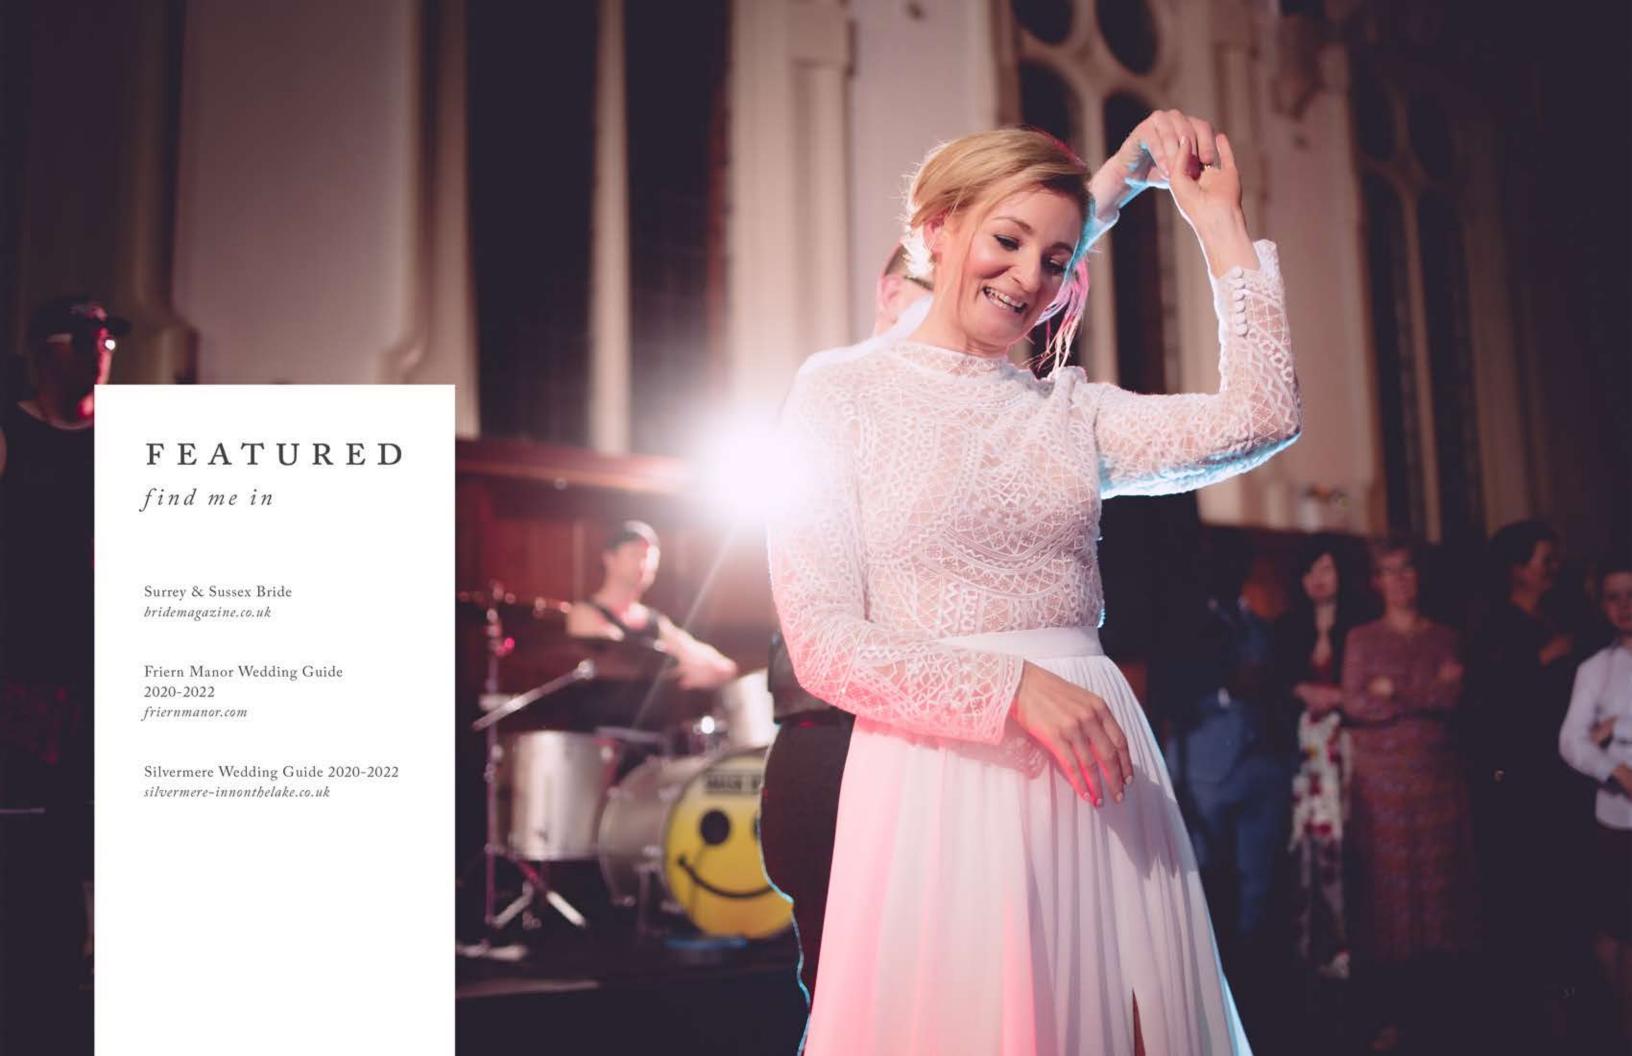

Yes, I do. Let me know if your venue needs this info.

09 is the booking process easy?

Very easy. Once you decide to book I'll send you a link to a custom online portal where you can sign the contract, manage payments, and see all things to do with your wedding photography. You can log in anytime to make changes or update things.

to this all sounds great - how do we book!?

Great - contact me here: e - david@davidtinkler.com p - 07841 599629 and let's get the ball rolling!

LET'S CHAT

i would love the opportunity
to work with you!

If you are planning a laid-back wedding, with a big emphasis on fun and all the things that make you happy - and you want to enjoy every moment of that, safe in the knowledge it's all being documented by a pro - then we should definitely have a chat...

What are you waiting for? Let's do this!
