Career Focus

I am a highly motivated designer with a passion for human-computer interaction and user centered design. My mixed background of visual design, user research, and interaction design have prepared me to collaborate well with others on a design team. I'm very eager to learn, and work well in teams and as a leader. I care about doing my job well, and being someone that lifts my coworkers up.

Education

Bachelor's Degree: Interaction Design

December 2018

- Columbia College, Chicago IL
- UX Minor

Associate's Degree: Graphic Design

May 2017

- College of DuPage, Glen Ellyn IL
- UX Concentration

Experience

Fuzzy Math, UX Design Intern

June 2019 - August 2019

- Designed website wireframes and collaborated with visual designer to create final comps
- Created surveys and session guides to conduct research on public and stakeholders
- Generated research insights to inform both website design and company strategy

Uptake, Interaction Designer

March 2019 - May 2019

- Created interactive prototypes in Axure for both features and full workflows
- Actively worked with software engineers to navigate design and performance tradeoffs
- Collaborated with data scientists to incorporate predictive model outputs into user workflows
- Helped create a set of dashboard widgets to support 3 unique user types

Groupon, UX Research Intern

May 2018 - August 2018

- Created and ran a complete user testing project including 8 discovery interview/usability testing sessions
- Presented full research summary, insights and findings to product teams
- Crafted multiple screener surveys and used them to recruit ideal participants for testing

Plan B Advertising, UX/UI Intern

January 2018 - March 2018

- Assisted with website redesign, including interactive and responsive elements
- Created online style guide for in-house reference
- Conducted content audits and restructured information for client websites

Technical Skills

- Prototyping tools including Axure, InVision, and Marvel
- Sketch
- Adobe Illustrator, InDesign, and Photoshop
- Adobe Premiere and Lightroom
- Microsoft Office Suite
- HTML and CSS
