

WILD TEA PHOTOGRAPHY: *The Portrait Guide*

The Experience

The Design

After you book your photoshoot, we'll arrange to design your session. We'll talk about what portrait ideas would be awesome for your family, and I'll configure all the logistics to make it happen.

The Shoot

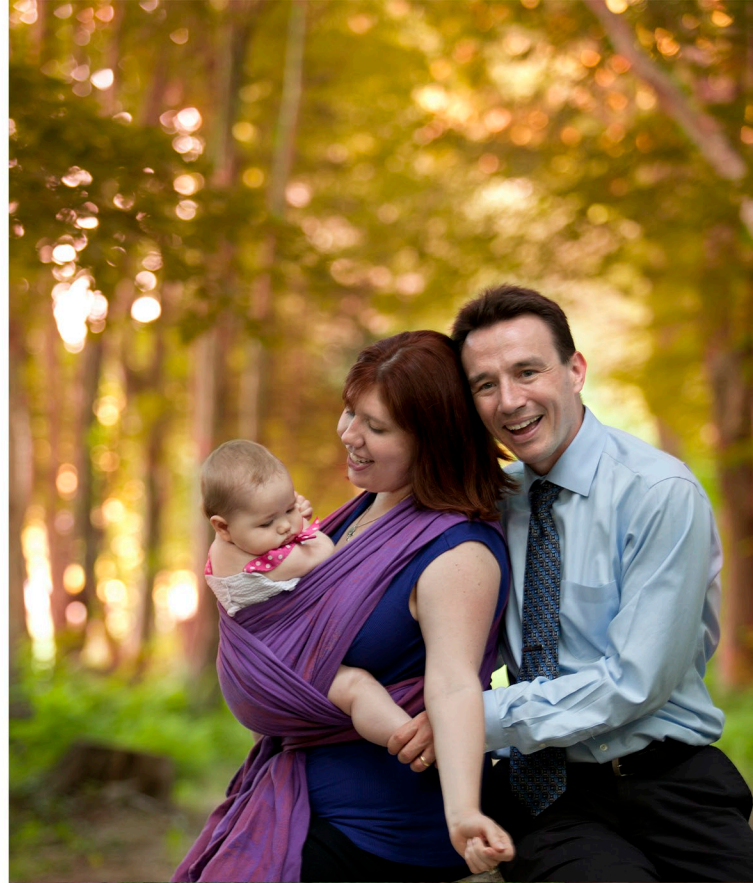

On photoshoot day, we'll spend a few hours together, to give you a variety of great images in a fun, unrushed way. For family sessions, we'll photograph each child on their own, the kids together, the kids with each parent, and so on. Grandparents are absolutely welcome to join in too!

The Reveal

A few weeks after your shoot, your images will be edited and ready for viewing. You can come to my home studio, or I'll go to you, and you will get to view your images for the first time. I'll bring dessert, we'll watch your image slideshow, and you can pick out which digital images and prints are perfect for you.

The Goods

To get on our calendar, we'll collect a \$125 session fee to reserve your spot and design your shoot. You don't have to pick out anything else until reveal night! All of our printed products are made with archival, museum quality inks and papers. They won't fade for lifetimes. We have both print and digital collections, which start at \$450, as well as items a la carte.
