"Let me show you
the journey of your life
through portraits."

I am a makeover portrait photography brand.

Portrait photography has changed so much since the 80's glamour style portraits. Today, it has become more "Fashion Magazine Style". What I offer is a magazine-style photoshoot experience with fully styled hair, makeup, and clothing however you want to be photographed and whoever you want to be photographed with.

THIS IS A MAGAZINE-STYLE PHOTO SHOOT EXPERIENCE!

When was the last time you were professionally photographed?

When you come in for a consultation we will plan and design a photo shoot that you want—that you've dreamed of. My professional makeup artist and hair stylist will give you a full makeover and give you any level of glam that you want. We have you bring up to five outfits for your photoshoot and help you style them. And, if you do not have five outfits to wear, during the consultation we can style a wardrobe for you from what we offer in our studio.

We can also help you find outfits to rent or buy online.

I have crafted headpieces, neck pieces, dresses, and tulle skirts for many of my clients.

So whatever you can think of—that is what I will create for you.

Who would you like to be photographed with?

Enjoy this photo shoot with your mother, sister, daughter, best friend, husband, or partner.

You can plan it as a "Girls Day Out". We can create an incredible shoot for you and your daughters where the guys show up at the end for family portraits. You can share this experience with your Mom and Grandma. I've photograph three and four generations together. And the best part, you can go out that night and "paint the town red" because you are going to look and feel fabulous!

A week or two before your photoshoot, schedule some "me time" to pamper yourself.

This is when you'll want to start getting ready for your photo session. Schedule a manicure the day before, make an appointment the week of with your stylist or favorite salon to touch up your hair cut or color if needed. These little touch ups can go a long way to making you feel even more confident and camera ready! Gather your wardrobe together or go shopping for something new! Get plenty of rest the night before and arrive to the studio with clean, dry hair and no makeup.

THEN IT'S TIME FOR YOUR MAKEOVER!

Where my makeup artist & hair stylist will take you to the exact level of glam you desire.

"Beauty begins the moment you decide to be yourself."
 -Coco Chanel-

How you style your wardrobe depends on the type of portrait session you choose.

During your consultation we will talk about what type of portrait session you want, how you want to be photographed and start planning your wardrobe.

There are many options when it comes to getting your wardrobe ready for your portrait session. You can bring in your wardrobe from home and my team and I can style you in the perfect combinations for your shoot. You can rent or buy dresses from online stores. Borrow outfits from your friends or family. You can choose pieces from our in-studio wardrobe collection.

THE REVEAL

Following your portrait session is your reveal. This is when you come back to my studio and you get to see all your beautiful portraits printed, up on the wall, and decide what you want to buy. Depending on the portrait session you choose you will see up to 30 portraits. You can purchase a folio box and place all your images into it for safe keeping. Choose wall portrait enlargements or any combination of the two.

My products will be on hand at your reveal to look at and touch. We can even design a beautiful gallery wall to display in various enlargement sizes. What you buy is entirely up to you. My job is simply to take the most beautiful portraits you have ever seen of yourself that you want to buy them all!

*"I live my life caring for others,
and neglecting my own needs.
This experience allowed me to feel
special,
almost like a movie star, and focus for
just a little
while on what makes me happy."
-Brenda*

*"So many times we women tend to put others needs before
our own. It was so nice to be pampered, have some girl
time and play dress up."*

~Karen Pershing~

This session will help you see just how beautiful you are with fine art that will be treasured for years to come.

I want you to see the beauty that your loved one sees. Step out of your comfort zone and be bold. You have a powerful, confident person inside of you. Let me help bring her out. This isn't your every day Portrait photo shoot. You will be professionally coached into flattering poses, I guarantee that you will leave your session feeling confident and beautiful.

The Beautician

Elizabeth Mente-Bowerman

I met Elizabeth when I posted online, searching for a stylist to work with my 50 over 50 clients, I knew from the moment that I actually met her in person, that we would work well together. She is just as beautiful inside as she is outside, and has such a sweet countenance about her. She is adored by everyone of my clients that had the pleasure of being styled by her. She has been doing hair and makeup professionally for 7 years. She is from Milwaukee, WI.

"I love the confidence and love that these women find in themselves, when I spin them around to look in the mirror, It is the whole jump start to feeling empowered and beautiful in front of the camera"

"Laura is absolutely a joy to work with. She and I have a beautiful chemistry when it comes to helping these women see themselves as the strong, gorgeous and amazing women that they are. She makes my job so fun, she envelopes so much love and life and its catching"

Francesca Trevino Arp

“Frankie” was one of my 50 over 50 clients, and so graciously offered to help me out with my sessions, when I needed a back up make up artist. She is a licenced Cosmetologist, and a Personal trainer. She brought in several of my 50/50 clients, and I am so thankful for all of her help on the project.

*“This was an amazing experience,
thank you so much Laura”*

—Sachiko Jones

So much goes into creating a custom portrait session for my clients. Here is a behind-the-scenes look at some of my favorite photoshoots to give you an idea of what a portrait session with me is like. You can also check out my behind-the-scenes videos on my website at:
