EXPERIENCE

AG Consulting Partners (AGCP) x Microsoft - Seattle, WA

Senior Design Consultant | April 2025 – October 2025

Microsoft Copilot Studio

- Lead visual and presentation design across Copilot Studio, Power Platform, AI Apps & Agents Tour, and Ignite 2025.
- Owned project management and design execution for the new Microsoft Copilot icon rollout, coordinating timelines, assets, and cross-functional reviews.
- Designed executive- and field-facing decks, templates, diagrams, and visual systems aligned to Microsoft brand standards.
- Used AI-assisted design workflows to accelerate ideation, layout exploration, and content refinement while maintaining brand quality.

Microsoft - Seattle, WA

Contract Visual Designer | February 2024 – July 2024

Microsoft Developer Division Design Studio (D3 Studio)

- One of two designers on the team, managed own workload and deliverables.
- Designed and maintained the visual aesthetic for high-visibility executive presentations.
- Leveraged skills in typography, data visualization, and visual storytelling.
- Created custom complex presentation templates every two weeks (60+ page presentation decks), icons, graphics, and small animations using Figma, PowerPoint, and Adobe Creative Suite
- Designed layout templates for SharePoint intranet sites.

Opus Agency - Seattle, WA

Freelance Graphic Designer | April 2023 – October 2023

Client: NetApp

- Created event collateral and large-scale print and digital signage, ensuring print readiness.
- Developed cohesive visual identities for event, ensuring brand consistency across digital and physical assets.
- Applied expertise in Photoshop, Illustrator, production design, and asset optimization for multi-channel distribution.

Chapter & Verse - Seattle, WA

Senior Designer | July 2022 – April 2023

Clients: Amazon, Adobe, Expedia, Egencia, Netflix, Meta, Microsoft, AT&T

- Directed the development of web and mobile assets for Amazon, managing the process from product photography to final deliverables under an extremely tight deadline.
- Conceptualized and created video assets for Expedia using After Effects.
- Applied a global eye for design and typography trends to create visually compelling and innovative assets using Photoshop, InDesign, and Illustrator.

CMD Agency - Portland, OR

Jr. Studio Designer/Art Director | August 2021 – July 2022

Clients: HEAD, Xbox, Intel, Microsoft, GoGo squeeZ, Banner Bank, CarToys, Port of Vancouver, Portland Clinic, Verathon, Nike

- Assisted in the conceptualization of an award-winning integrated Xbox campaign.
- Designed packaging for worldwide distribution in Costco stores.
- Transformed complex technical content into user-friendly designs within white papers, solution briefs, one-pagers, and infographics.
- Supported digital and print production design across multiple brands and collaborated closely with a tight-knit team at all stages of the design process.

John McNeil Studio - Berkeley, CA

Freelance AD/Designer | August 2021
